Dom,

Even though next week's API meeting was cancelled, we still need to move forward with what we agreed to this morning. Okay?

Subject: FW: API Pavillion Meeting

FYI, there will be no meeting next week.

However, we still need to be moving forward at full speed to address the issues discussed this morning (subcontractor files and cement) as well as responses to the questions raised by API last December.

The meeting may be rescheduled at any time and we need to be fully prepared.

Dave, please let me know how we are coming along.

I also want a briefing early next week on our progress in addressing the public comments.

Thank you for all your efforts,

Cindy

P.S. Gary, enjoy the remainder of your leave.

I heard from API this morning that next week's Pavillion meeting is cancelled. There's no new date at this point. We'll keep you posted on developments.
